

Mustafa Jassam

Dentist | Web Developer & Designer | AI Researcher

mustafa.abdulrahman@gmail.com • +964 782 475 1741 • Baghdad, Iraq

PROFESSIONAL SUMMARY

Practicing Dentist with a parallel career in web development, design, and applied AI for dental and healthcare clients. Builds clinic websites, personal branding platforms, and AI-assisted tools that bridge clinical practice with modern technology, using AI-assisted ("vibe coding") workflows to move from concept to production quickly. Long-term focus: pioneering dental AI products for the MENA region.

CAREER EXPERIENCE

Jr. Cybersecurity Engineer | Dentist — Ministry of Health, Baghdad

September 2022 – Present

- Assist dentists in the dental surgery — preparing and sterilizing equipment and materials and supporting the dentist during procedures.
- Created a security awareness program that increased employee knowledge of cybersecurity threats and best practices.

Web Developer, Designer & AI Researcher — Independent / Freelance

April 2024 – Present

- Design and build custom websites for dental clinics and independent dentists in Iraq and internationally — including Baghdad's Home Dental Clinic and a personal-branding site for a Miami-based dentist — with RTL Arabic layouts, JSON-LD schema markup, and conversion-focused landing pages (see Selected Projects).
- Developing "Dental AI Suite," a vertical SaaS platform aggregating dental AI diagnostic and practice-management tools under a tiered subscription model for the MENA/Iraq market — including vendor research (Diagnocat, Overjet, Pearl, Dental Monitoring) and a six-phase go-to-market roadmap.
- Built the product catalog and backend data architecture (Supabase, Prisma) for a dental supply e-commerce platform.
- Provide Arabic-language digital marketing services to dentists and clinics: website development, AI search engine visibility optimization, and personal branding.
- Apply AI-assisted "vibe coding" workflows (Cursor, Claude Code, Lovable, Bolt.new) to move from concept to production-ready builds quickly.

SELECTED WEB & AI PROJECTS

Rivan Dental Clinics — Dental clinic website, Karada, Baghdad — rivandentalclinics.com

Dr. Ahmed Saad — Personal & clinic website — dr-ahmedsaad.com

Dr. Zaid Abdulmahdi — Personal & clinic website — drzaidabdulmahdi.com

United Group — Web design & development project — unitedgroup.id

EDUCATION

Bachelor of Dental Surgery (B.D.S.)

Iraqi University, Baghdad

October 2016 – August 2021

SKILLS & EXPERTISE
